## *LuxEco Living:*

I couldn't put this book down. Not for a minute. In a world in which tattered souls live amongst endless garbage and recycled news predicting gloom for the planet, Joe Henry's LIME CREEK comes as a breath of life and light, casting long-remembered shadows of the "firsts" in our lives while becoming a mantra for human kindness and time spent reconnecting with what we have lost, including man's oneness with nature and all living things.
